12-24 Club, Inc Receives Grant for General Operating Support

Casper, Wyoming – The 12-24 Club, Inc. announced today that it has received a \$25,000 Daniels Fund grant to support its mission.

The purpose of the 12-24 Club is to provide a safe, inviting and comfortable center where people in all stages of recovery can find fellowship and support. It is the Club's mission to provide a supportive environment where hundreds of people are literally rebuilding their lives. The Club is a crossroads of individuals representing every socio-economic level in our community – from the homeless to successful professionals, from the uneducated to the educators. Because of increasing community awareness of the Club's existence, more and more "newcomers" walk through our doors every day, seeking help for substance abuse problems.

"The grant will enable our program to continue operating daily as it has for nearly 16 years," said Dan Cantine, Project Director.

The Daniels Fund operates the Daniels Fund Scholarship Program and the Daniels Fund Grants Program in Colorado, New Mexico, Utah and Wyoming. The Fund was established in 1997 by Bill Daniels, a pioneer in cable television known for his kindness and generosity to those in need.

"While contributions to our capital campaign have been vital, mounting operational expenses such as utilities, insurance and increased minimum wages, coupled with rising unemployment and economic trends, have strained our annual budget."
